

YUKESH T

AI & Machine Learning Engineering Student

Chennai, Tamil Nadu, India | 8148039309 | yukesh1908@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Second-year AI and Machine Learning Engineering student passionate about artificial intelligence, machine learning, and Linux-based systems. Hands-on problem solver skilled in Python, web development, and technical troubleshooting, currently building foundations in NumPy and Pandas. Experienced with version control, deployment, and automation using Git, GitHub, and modern developer tools. Seeking an internship in AI, Machine Learning, or Software Engineering to apply these skills to real-world problems while continuously learning and progressing toward a career as a Machine Learning Engineer.

EDUCATION

Bachelor of Engineering — Computer Science and Engineering (AI & ML) *Jeppiaar Engineering College (Anna University) | Second Year | Expected 2029*

Higher Secondary & Secondary School — Vivekananda Vidyalaya Matric Higher Secondary School, State Board — 80%

TECHNICAL SKILLS

Programming Languages: Python, C, C++, HTML5

AI & Machine Learning: Machine Learning Fundamentals, NumPy (Learning), Pandas (Learning)

Web Development: Responsive Web Design, HTML5, CSS, JavaScript

Databases: Supabase

Developer Tools: Git, GitHub, Visual Studio Code, Canva, Version Control, Deployment

Operating Systems: Windows 10/11, Linux Mint, Kali Linux, Arch Linux (Learning)

Soft Skills: Problem Solving, Critical Thinking, Communication, Adaptability, Continuous Learning, Technical Troubleshooting, Team Collaboration, Time Management

Areas of Interest: Artificial Intelligence, Machine Learning, Computer Vision, Linux Systems, Open Source, Automation

PROJECTS

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript, Netlify

- Built and deployed a fully responsive personal portfolio website showcasing skills, projects, and technical expertise, hosted on Netlify.

Hospital Prototype Website

Technologies: HTML, CSS, JavaScript

- Designed and developed a modern hospital website prototype featuring responsive layouts, healthcare information architecture, and an intuitive user experience.

Fiverr Freelancer Portfolio Website

Technologies: HTML, CSS, JavaScript

- Created a freelancer portfolio website with responsive layouts and modern UI principles to showcase services and attract potential clients.

Calculator Application

Technologies: HTML, CSS, JavaScript

- Developed a functional calculator application implementing core arithmetic operations with a clean interface and efficient JavaScript logic.

CERTIFICATIONS & ACHIEVEMENTS

- Won Third Prize, College Webathon — Web-A-Thon '25 (Certificate of Active Participation, AI-Driven Web Application & Vibe Coding), Jeppiaar Engineering College
- Ideathon '25 — Certificate of Participation, Jeppiaar Engineering College

LANGUAGES & INTERESTS

Languages: English, Tamil

Interests: Artificial Intelligence, Machine Learning, Linux, Open Source, Web Development, Software Engineering, Automation
